FVP FULL SYNTHETIC 5W-40

EUROPEAN FORMULA MOTOR OIL

FVP Full Synthetic European Motor Oil is a premium quality motor oil formulated with select synthetic base stocks and proprietary additive technology to deliver long-lasting engine protection, peak operation and meets stringent high-performance European OEM standards. FVP Full Synthetic European Motor Oil provides aggressive resistance to sludge formation and varnish deposits during stop-and-go driving and under severe operating conditions. Through premium synthetic formulation, excellent oxidation stability and low volatility properties reduce oil consumption between services.

FVP Full Synthetic European Motor Oil, available in SAE grade 5W-40, meets global new car warranty performance requirements as defined by API classification SN and European standards ACEA A3/B4-21.

Recommended for service in turbo-charged & fuel-injected gasoline motors and turbo-charged, inter-cooled, & direct injection diesel engines found in passenger cars, light-trucks, and sport utility vehicles requiring:

- API Licensed Service SN/CF
