

FVP

DEIONIZED WATER

FVP Deionized Water (DI) is recommended for use with full strength coolants. Auto manufacturers require DI water with their coolants.

Features and Benefits:

- Will not cause corrosion
- Free of minerals found in tap water that are harmful to radiators and cooling systems – especially important since water quality varies across the country
- Great for use with full strength coolants
- Available in 1 gallon jugs and 55 gallon drums

PRODUCT SIZES

DIWATER-1GAL	1 gal.	6/case	135/pallet
